Welcome!

As a continuation of our Links to Learning® curriculum, camp offers a fun-filled summer program for children ages 1 to 5. Each week, preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun!

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our Links to Learning® summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Our camp program will inspire your child's mind to engage, explore, create and stay active this summer!

Summer Preschool Schedule

June 3 – August 16

Weekly Themes

- WEEK 1** Curiosity Club
- WEEK 2** Puppet Time
- WEEK 3** Mess Fest
- WEEK 4** Food Factory Fun

- WEEK 8** Ready, Set, Go!
- WEEK 9** Hometown Helpers
- WEEK 10** Animal Dream Home
- WEEK 11** Trek Around the World
- WEEK 12** Artful Antics

Weekly Camp Themes

Curiosity Club

Our little learners will experience S.T.E.A.M. through fun projects that encourage them to ask questions, problem solve and explore.

Puppet Time

Through the use of puppets, children will be transported into the fascinating world of dramatic play as they reenact stories and sing songs.

Mess Fest

Bubbles, slime, paint and more! We'll be making quite the mess this summer as campers participate in hands-on, multi-sensory science experiments.

Food Factory Fun

Our campers will learn about healthy foods while also tapping into their inner chef as they whip up some yummy summer treats.

Let's Get Growing

Sunshine, water and nurturing is all it takes for a tiny seed to grow into a plant. Our campers will discover firsthand how weather and the environment affect living things.

Build it Together

What's more fun than building the tallest tower? Building it with all of your friends! This week is about working together to engineer magnificent structures.

Good Sport

Let the games begin! Campers will practice sportsmanship through games that focus on sharing, taking turns and being a good friend.

Ready, Set, Go!

It's fun to visit new places, but how do we get there? We'll discuss types of transportation and learn how they help get us to our favorite summer destinations.

Hometown Helpers

We'll honor local police, firefighters, military and other community helpers, and show campers how they too can help by giving back and following safety rules.

Animal Dream Home

Campers will select their favorite animals, learn about the animals' needs and then design and build the most amazing habitats for their animal friends.

Trek Around the World

Buckle up! We'll be going on a cultural adventure around the world to learn about different customs, traditions, toys, food and more.

Artful Antics

Campers will put their creativity to the test as they use a hodgepodge of materials to create wacky and abstract masterpieces.
